

RENOVATOR & CUSTOM BUILDER COUNCIL

Re-Inventing How We Work!

The way you run your business and projects is changing right in front of your eyes. What changes are good that save you time and money? Let's put all of these questions on the table and talk about it. Take this opportunity to learn from your peers in this extended Peer to Peer business knowledge exchange about how you can re-invent how you work.

Table top discussion topics:

- What are you doing to be more efficient with your time?
- What technology / mobile solutions have changed the way you work?
- Are you using your client and municipal data to help direct your business?
- What new third-party services are you using?
- Is outsourcing growing or shrinking in your business?
- What future changes are you considering or afraid of?
- Where and how are you generating leads?
- How well are you using your social media platforms?
- What procurement and lead management systems are you using?
- How have hiring challenges affected how you run your business?
- How have you solved a hiring challenge with an outside-the-box solution?
- Is there a job or process that you used to outsource, that you have brought in-house?
