

Extended Transition Period - Town of Milton's Development Charge By-law April 1 Indexing

As an update to the below, following the provincial Emergency Order extension and subsequent discussions with the Town of Milton finance staff, BILD is pleased to announce that the Town will now offer agreements under Section 27 of the *Development Charges Act* to provide relief from indexing increases for development charges payable prior to May 29, 2020, as opposed to end of April.

Development charge rates were indexed effective April 1, 2020, in accordance with the Town's DC By-laws. As a reminder, the Town continues to process all development applications received; however, Council and staff understand that as a result of the emergency situation, applicants may have experienced delays completing their process prior to April 1st. Therefore, the additional time is being provided in consideration of this.

Please contact the Town's [Development Finance Division](#) for further details as well as the [webpage](#).

BILD is currently in discussion with the Region of Halton and the Town of Halton Hills to confirm if a similar extension will be undertaken. Should more information come forward, we will apprise members accordingly.
