

Members of the BILD York Chapter:

Please be advised that the March 26th York Region Council meeting has been **cancelled**. See the Region's notice [here](#).

As indicated in the notice, a special meeting of Regional Council is tentatively scheduled for April 2nd in order to amend the Procedural By-law to permit Council to meet through electronic means. Staff are currently exploring measures to allow the members of the public to participate electronically. Additional information is anticipated to come forward next week.

BILD continues to discuss with municipal and conservation staff, the importance of continuing planning and building services for our members and we are committed to keeping the Chapters apprised of how these services are changing on a timely basis.

As a friendly reminder, [BILD's website](#) contains the most recent updates to members including any relevant provincial bulletins, the status and actions of any municipalities/regions as it pertains to your operations and bulletins/notices from our partner organizations. BILD staff are monitoring the situation closely and are making updates as new information comes along.
